SEASHELL

MIST

MOTHER OF PEARL
Nestled between the raw strength of porcelain tile, and the soft nuances of natural fibers, you have the Batiste collection. Batiste is a simple, timeless selection inspired by tactile design, with interlacing strands at the heart of the motif.

Batiste may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architectural Ceramics sales representative will advise you on general installation questions.

**DESCRIPTION**
