Century Wood is an original series based on three variants of salvaged wood and a tangram. The first variant is “Essenze”, which combines old wooden planks of different origins to create random but always attractive variations in color. The second is “Back”, a sophisticated project which recovers the undersides of pieces of wood. The effect is one of great variety, with different size tiles that mask surfaces’ dimensions after installation. The third is “Tinto”, a distinctive stained salvaged wood in various shades of grey, with hues that vary depending on how the wood absorbed the stain. The series is completed by the 32x32 Tanagram tile, used in the tradition of the Chinese game to interlock, build up and break down geometric forms, the basis for infinite installation layouts.

Installation & Maintenance

Century Wood may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architectural Ceramics sales representative will advise you on general installation questions. The manufacturer of this product recommends a 2mm grout joint.

Technical Information

Origin: Italy
Available finishes: Natural
Type: Porcelain
Edge: Rectified
Look: Wood
Application: Wall & Floor
Use: Heavy Commercial
Packaging: Please consult your ACI sales rep for packaging information

Color Variation: V3 - Moderate Variation
Thickness: 10 mm
Porcelain Enamel Institute Scale: N/A
Dynamic Coefficient of Friction: >0.42
Breaking Strength: Compliant to ASTM C-648 > 250 lbs
Water Absorption: < 0.5%
Stain Resistance: Yes
Frost Resistance: Yes
Environment: 7.5% pre-consumer recycled content
