Italicized items are special order from Italy with extended lead times. Please consult an ACI sales rep for sample & product availability.

Additional Trim may be available. Please contact your sales representative.

Lead times for specialty & non-stocked items varies depending on product ordered, quantity, and destination. Please contact ACI to determine the lead time to order samples and material.

DESCRIPTION

The unadorned elegance of industrial concrete, hand-trowelled and foot-worn, has inspired the birth of On Square. On Square is a concrete of beauty, on which people have clearly left their mark. This human touch lessens the concrete's austerity, giving it warmth and life. The space created provides protection from the tumult and chaotic outdoors, giving a sense of well-being and calm.

INSTALLATION & MAINTENANCE

On Square may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architectural Ceramics sales representative will advise you on general installation questions. Please note that ACI does not recommend grout joints smaller than 1/16" for ACI Stock material.
