H=Honed finish, L=Lappato finish, N=Natural, P=Polished finish, *Stocked sizes

59"x118" size in select colors is available in random faces or in pairs for book-matched faces. Individual faces must be ordered in increments of 50 slabs per color and per face.

Italicized items are special order from Italy with extended lead times. Please consult an ACI sales rep for sample & product availability.

---

Lead times for specialty & non-stocked items varies depending on product ordered, quantity, and destination. Please contact ACI to determine the lead time to order samples and material.
DESCRIPTION

Slim Slab opens new dimensions for contemporary architecture because it combines low thicknesses with large formats, guaranteeing high technical performance, a lower load on the floors, and an aesthetic quality never seen before. Enhance your room with the unique effects of Slim Slabs visual continuity. Available in ¼” thickness, Slim Slab is ideal for floors and walls and can be installed indoor or outdoor in any climate.

INSTALLATION & MAINTENANCE

Slim Slab 15”x30” may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). Slim Slab sizes larger than 15x30 require special tools and installation methods. Please consult the Slim Slab Installation instructions and video links provided below. For additional questions please consult your Architectural Ceramics sales representative.
