FOLLOW YOUR NATURE

LANDMARK CERAMICS
“Stone” is a gathering of porcelain tile collections that are inspired by different natural stones. Amazing surfaces for floors and walls that recall the shades of the natural material enhancing architecture and design with character and intense elegance. The excellent technical characteristics of Landmark porcelain tile guarantee optimal performance in every intended use both residential and commercial.

A new landmark in the ceramic industry

Landmark Ceramics is an American company, based in Tennessee that has set out to research, manufacture and sell top quality porcelain ceramics in North America, taking advantage of the proven experience of the Gruppo Concorde, an international leader in the sector. Technological innovation, market presence, attention to detail, the welfare of people and the environment, efficient service and a thorough product range make Landmark a new benchmark in the North American market for those who are looking for a reliable partner for any building and architecture project using US Made top quality porcelain tiles.

Traditional architecture is the inspiration for a collection of porcelain stoneware with a slate effect, offering again the timeless beauty of the graphics based on the structure of cleft slate. Intense colors and natural surface finishes provide contemporary private and public spaces with the charm of past architectural styles and a new contemporary character.
EVERYDAY EMOTIONS

The Trek collection endows spaces with great personality, covering floors and walls with the expressive strength of the stone. Natural elegance and harmonious design come together, strengthened by the possibility of combining the different colors in the collection together.
On the surfaces, the slate effect is surprisingly realistic because of the graphic details and soft structure.
SOPHISTICATED HOSPITALITY

The vibrant colors and materiality of Trek endow each place with elegance and charm, revealing the authentic soul of the rooms when covered. Spaces are given strong personality, where the visual strength of the mosaics and decorations is combined with the striking variation of tile patterns, giving an end result of great impact overall.

WELLNESS SUGGESTIONS

The profound expressiveness of the stone instills peace in the room. The dialogue between the natural and material look of Trek on floor and walls and the presence of water endows surfaces with a sense of infinite relaxation and a welcoming and relaxing look to the spa.
The authenticity and intensity of the slate effect, combined with other natural inspirations like wood, enable designers to combine different materials and confer expressiveness on the room.
Trek combines the practicality, hygiene, durability and ease of cleaning of porcelain stoneware with aesthetic elegance and excellence, for rooms with floors and walls with slate-effect surfaces that always look clean and contemporary.

The color of tiles printed in this catalogue may differ from actual tiles. Tile color reproductions in this catalogue are representative only. Slight tone and shade variations are inherent in porcelain tiles. Before selecting a color, we recommend that you contact your local representative, who will provide you with a sample piece of the requested tile. This porcelain tile product is manufactured with a V2 shade variation. Remember that the amount of color as well as the texture of each piece may vary from tile to tile. Inspect the product immediately upon delivery and select tiles from many boxes during installation to minimize and blend any possible color difference.

**RECOMMENDED USE**

Trek is recommended for indoor floors, walls, countertops, and outdoor walls in commercial and residential application. The use of Trek is not recommended for outdoor application or horizontal exterior surfaces. Landmark recommends an offset no greater than 30%, if a staggered pattern is required for tiles of 20” inches or longer.

**CARE AND MAINTENANCE**

Do not apply any wax or sealer to the product after installation. Regular cleaning is the best way to keep Trek tiles looking good. Use clean, hot water (add household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. Please visit [lcusa.com](http://lcusa.com).

For further information regarding the care and maintenance of Landmark products.

**WARRANTY**

Landmark guarantees that its products will meet or exceed the performance specifications set out in ANSI A137.1-2012 and in the performance specifications section of the Landmark general catalogue. For more information, please visit our website at [lcusa.com](http://lcusa.com).
